Dear Friends and Colleagues,

We are very pleased to invite you to attend the INTERNATIONAL CONGRESS ON KEYHOLE NEUROSURGERY (ICKNS) to be held on November 2-4, 2018, in Suzhou. The meeting is sponsored by the International Society on Minimally Invasive Neurosurgery and the Asian Congress of Neurological Surgeons, hosted by the Second Affiliated Hospital of Soochow University.

Nowadays, Keyhole Neurosurgery is used increasingly in neurosurgeries with a goal of achieving best therapeutic effect while minimizing surgical trauma, which has been pursued constantly by neurosurgeons. This congress will offer an academic platform for neurosurgical colleagues to exchange experiences, discuss on different topics and learn from each other in the attractive fields of Keyhole Microneurosurgery, Endoscope-assisted Microneurosurgery and Endoscopic Neurosurgery. Top neurosurgeons worldwide will show the recent advancement and their splendid surgical skills, share their experiences and discuss the guideline of keyhole neurosurgery. Workshops on keyhole microneurosurgery and endoscopic neurosurgery will also be held during the meeting.

The ancient city Suzhou is known for the splendid Chinese gardens and modern technological innovations. The host, Second Affiliated Hospital of Soochow University, together with our colleagues, will also draw a new blueprint for keyhole neurosurgery.

Suzhou has an elegant scenery and pleasant climate in autumn. We are looking forward to meeting you in Suzhou.
